Death of Mrs. Dr. Yost.

Mrs. Alice Yost, of Warrenton, died on Thursday night very suddenly, aged thirty-eight years. She had been sick for some time, but was up on Thursday and appeared considerably better. She was the widow of Dr. George Yost, who was drawned search learn age. She was drowned several years ago. She leaves two daughters, aged twelve and sixteen. The older began to teach a short time ago.

Base Ball To-morrow.

From the interest manifested in the game of base ball to be played on the tunnel green to-morrow afternoon be-tween the bachelors and married men's nines, it is probable that a large crowd will witness it. The batteries will be Corcoran and Wertsberger for the bachelors and Caltenbach and Bum-baugh for the married fellows. The game will be called at 3:30 p. m. sharp.

Madame Zeno's Balloon Burned.

Madame Zeno and Prof. Trainer went out to the Jacktown. Pa., fair this week, and were to make a balloon ascension on Thursday, but just as the balloon was inflated and ready to rise the canvas caught fire on its top, burning a hole and effectually preventing an ascension. The professor is certainly having tough luck with his balloon in the past two wasks.

McLaughlin horse, Highwayman, went second in one of the races but the purse advertised was not forthcoming. Louis Frobe's horse secured first place in an-other race but his experience was similar to McLaughlin's; no money. The gamblers overran the place, and a num-ber of robberies took place. Altogether this year's Jacktown fair has been a record. breaker in several ways.

Exchange Bank Stock in Demahat, 1 All the indications continue to en-courage the expectation that the Ex-change Bank will be able to reopen its change Bank will be able to reopen its doors for business not later than October 1. Of the \$100,000 additional capital stock it was decided to sell, somewhat over \$93,000 had been taken up to last evening, and it is thought the entire \$100,000 will be subscribed in a day or two more. Nearly all the depositors have signed the agreement to accept certificates at four and eight months and a year, and including those who are absent and cannot be seen and all others, it is not thought that ten percent of the deposits will remain unprothe deposits will remain unpro vided for in this way in a day or two

Vegetables Scarce, but Cheap Vegetables Scarce, but Cheap.

Albert Kehres, living above Martin's Ferry, who is one of the best known gardeners in this section, says that the hard times have a great deal to do with the low price of vegetables this fall. Tomatoes, for example sell at 50 cents a bushel, while if money was mose plentful they would bring 75 cents. Many families who usually put up several bushels of tomatoes each season have not not up any this year on account of not put up any this year on account of the scarcity of money, and others who can considerable fruit find it necessary to fall back on tomatoes and there are others who are not putting up anything. Mr. Kehrer says that the yield of vegetables this year has been only fair. This is accounted for by the hall and dry weather.

NEW MONASTERY

To be Built by the St. Alphonsus Catholic Congregation.

WORK COMMENCES IN THREE WEEKS

The Building will be Three Stories Very Large, and will be a Complete Capuchin Monastery-The Move Caused by the Crowded Condition of the Schools.

The German Catholic congregation of this city, the St. Alphonsus, will within three weeks break ground on the buildings that will constitute an extensive improvement in the property of the congregation. It has been decided to build a brick monastery building in the rear of the school house on South Market street on the ground now used as a play ground for the children of the schools. Leiner & Faris are preparing the plans, and it is expected that work on the foundations will be started early in October. This move was made more or less imperative on account of the crowded condition of the school build crowded condition of the school building, where 600 children attend school. The top floor has heretofore been used as a residence for the Capuchin fathers in charge of the worker the congregation and schools. When the new building is completed, next spring, the priests will reside in the monastery building, and the top floor of the school building will be out we interchal rooms.

and the top floor of the school building will be cut up into school rooms.

The new structure will be patterned after the style of the monasteries of the middle age and will be an imposing building of three stories. The ground plan occupies a space 100x120 feet making it plain that the building will be a large one, and it is said that it will be one of the most complete of the Capably monasteries. the Capuchin monasteries.

THE "ALERT" NO. 2.

The new Combination Fire Apparatus for the Island.

Vesterday the new hose wagon, chemi cal engine and hook and ladder truck combined, bought for the Seventh ward hose house, arrived from Chicago over the B. & O. road, and was at once run to the Atlantic engine house, where it was inspected by scores of people all after-

inspected by scores of people all afternoon.

It is a very compact machine, and
the handsomest apparatus in the department. It bears the name "Alert
No.2" on large brass plates, on the
sides just under the driver's seat. The
chemical engine tank is under the seat
and the chemical hose reel just back of
this, while the extension ladders, hooks
and axes hang on the sides. The body
of the wagon will hold as much hose as
the Atlantic wagon. The step behind
for the men to stand on is particularly
broad and commodious. The machine
will be an ornament to the department,
and furnishes just the protection the
Garden Spot, has long lacked.

The council committee on fire department is called to meet at 3:30 p. m. today to inspect and test the new engine.

A Wide-Awake Firm.

The McAuley-Peters Tent and Awning Company, of this city, yeslerday received the contract to furnish the west Virginia National Guard with tents for the annual encampment. An idea of their maghitude of the resources of this firm may be gained when it is stated that it will require five cars to transport the necessary number of tents for this encampment. Not only can the firm stand almost any demand, but its goods are always of the very best quality and are sold at prices which astonish people used to the high charges made by other manufacturers.
